LARGE ATTENDANCE AT ALL SERVICES YESTERDAY.

DR. WILFLEY PREACHES A SPLENDID SERMON

Rev. Cox Takes "Peace With Honor" for Theme, in Political and Religious Application.

Services at the various Protestant churches were well attended yesterday, and a number of converts added their names to the church rolls.

At the Christian church Dr. Earle Wilfley of Washington, D. C., preached morning and evening. His morning sermon on "The Garden, the Cross and the Tomb in Its Modern Application" was heard by a large congregation.

Interprets Text.

He interpreted the garden as the pleasures; the desire for change, and the insatiable appetite for riches; he said that the cross meant the suffering, the self-denial and the sacrifice of selfish pleasures; he explained the symbolism of the tomb as that of suddenly looming suffering, poverty and lost hopes of a person.

"Too many think only of the garden," said Dr. Wilfley, "and never think of the cross and the tomb. Some think of the cross only as a decoration or a symbol, never realizing its true meaning. It is the spirit of the cross of self-denial, of the sacrifice of selfish pleasures and the finding of something to do that is worth while in life that really counts."

Little Things Count.

But there are those who, according to Dr. Wilfley, look only on the sad things, and who never find the bright side. He gave numerous instances in his own observation where the mere act of pointing out something worth while to do had brought sunshine into the lives of those who had been unhappy and could see nothing to live for.

"It is the simple things that really count," said Dr. Wilfley. "I could have come here and preached you a sermon on a profound subject, but after seeing all the care and sorrow in the world, I have found that it is the little things which are overlooked that really count."

"Find the things worth while that you have overlooked," was his conclusion. "Make life worth while for someone else. Find something to do that will brighten and bring cheer into the life of those with whom you associate."

"Peace With Honor."

At the First Methodist church six converts were received into the church and five members put in their letters. In the evening the Rev. Gilbert S. Cox preached on "Peace With Honor." He treated his subject with reference to the affairs of the country, and also as applied to a person's soul.

Mr. Cox pointed out the circumstances which attended the origin of the phrase "peace and honor" in its political application. He designated the occasions when it has been applied, when a weaker nation has been downtrodden, when the lives of our countrymen are endangered, and when other nations are commercializing while we give only a small percent in return. He said that it was not for him to say whether or not peace under such conditions was peace with honor.

Makes Political Application.

Mr. Cox pointed out that the peace that was maintained preceding the civil war was a sort of peace, but he showed that it was not a lasting or honorable peace, as the war broke out anyway. He further discussed an editorial which asked if the industrial conditions in the United States, the strikes, the child labor conditions, the low standards of social life, vice, and the insatiable greed for riches was peace with honor.

He declared that the compromises we are making with the saloon do not make for peace with honor. He then used the famous phrase in its application to the human soul, and pointed out the insincerity of hearts apparently peaceful.

Seven Join Baptists.

Seven new members, one by letter, were received into the Baptist church at yesterday's services. Dr. D. J. Evans of William Jewell college, Liberty, preached the morning and evening sermons and conducted the baptismal service. The services next Sunday will be conducted by Prof. C. M. Phillips of William Jewell college, Liberty.

Dr. Coile in Pulpit.

Dr. S. A. Coile occupied the pulpit at the Presbyterian church. The board of elders, which met last week, recommended that a meeting of the Presbyterian congregation be held next Sunday for the purpose of selecting a pastor. On that day Dr. D. M. Claggett of St. Joseph, who has been acting as moderator of the church during the vacancy of the pastorate, will be in Maryville and will preach the two sermons of the day. The congregational meeting will then be held and the name of Dr. Coile will be brought up for consideration. Dr. Coile will conduct the services at the Westminster Presbyterian church at St. Joseph taking Dr. Claggett's place.

Sunday services at the Buchanan Street Methodist church were well attended, all departments of the church showing a moderate increase since the revival. The Rev. Robert C. Holliday preached in the morning and in the evening.

Suffers Paralytic Stroke.

W. J. Falls, living northeast of Maryville, suffered a stroke of paralysis a few days ago, and is in a serious condition.

THE CROP REPORT

ESTIMATED CORN YIELD THIS YEAR 146,000,000 BUSHELS.

GOOD YIELD OF CORN HERE

Wheat is the Smallest Acreage for Many Years—12 Per Cent Less Than Seeded for 1916 Harvest.

Estimates on the Missouri corn yield for 1916 call for 146,000,000 bushels, according to the crop report issued today by W. L. Nelson, assistant secretary of the state board of agriculture. The report is as follows:

Corn—Official crop reporters of the state board of agriculture place the condition of Missouri corn at 64.8 and estimate that 88 per cent of the crop is now safe from killing frost. This is a more optimistic report than was made on September 1, when the condition of corn was given as 53.4, with grave fears of heavy damage from frost. At that time the indicated yield of corn was for but 135,000,000 bushels, but it was also stated that with a seasonable September and a late frost, later figures should show a material increase over the preliminary estimate—an increase now placed at 11,000,000 bushels. These figures, though, are not final, as no corn of consequence have yet been cribbed. Condition of corn, by division sections, show: Northeast, 67; northwest, 76; central, 64; southwest, 48; southeast, 69. The low condition in the southwest section is due to the severity of the long-continued drouth, which, with varying degress of intensity, still continues throughout much of the state. The preliminary estimate as to yield per acre for the present crop calls for 20.2 bushels, as compared with a preliminary estimate of 32 bushels for last year's crop, the final figures for which were 30.5 bushels. By sections, present indicated yields per acre are: Northeast, 23.2 bushels; northwest, 27.9; central, 18.6; southwest, 10.4; southeast 21. In Bates, Barton, Vernon and a few other southwest counties the yield of corn is very low and may not exceed one barrel—5 bushels—to the acre. On the other hand, Holt, Atchison, Buchanan and other counties in the northwest section will harvest from 30 to 40 bushels per acre. Quality of corn, for the state, is 68, but varies greatly in different sections. A number of correspondents report the quality better than is general with a light yield. About one-half of the crop is now in shock or silo, and more would have been but for the great difficulty farmers have experienced in securing help. The labor problem has been a serious one, and in some neighborhoods it has been almost impossible to get corn cut and silos filled. Corn in shock has cured in excellent shape. Frost the last week in September caused only slight loss. The opening price on new corn varies from 60 cents to $1.00, with 76 cents as the average price. Taking the state as a whole, there will be no surplus for sale.

Wheat—Based upon the most recent reports of correspondents, the Missouri wheat acreage for the 1917 harvest will be about 1,700,000, or about 100,000 more than was indicated on September 1. This, however, will be the smallest acreage for many years—12 per cent less than that seeded for the 1916 harvest. Owing to lack of rain, and possibly also to the fact that many fields were plowed too wet in 1915, the ground is hard and a vast amount of work is required to get it in shape for seeding. In some sections it has been practically impossible to break and prepare stubble ground. The result is that a very large per cent of the wheat crop is going in on corn ground, which in most cases is working well. The high price of commercial fertilizers is resulting in less being used this season. The poor yield of wheat for the 1916 harvest,

Charles Reign Scoville Campaign at Coffeyville Meeting With Great Success—Seven in Party.

Floyd C. Miles, publicity man with the Scoville party, sent a telegram this morning saying that 1,031 had lined up for Christ in the first three days of invitation of the Charles Reign Scoville campaign, being held at Coffeyville, Kan. This number includes converts, new members by letter, reclamations and reconsecrations.

Mr. Miles also reports a large increase in attendance at the various Sunday schools that are profiting by the sermons of the evangelist. Seven workers are now with the Scoville party.

ANALYZE AUG. VOTE

STATISTICS SHOW THAT VICIOUS ELEMENT WAS FOR LAMM.

CARRIED EVERY WET SPOT

Of Sixteen Missouri Congressional Districts Lamm Only Carried Four—"Lid Club" Contributes.

(By A. T. Edmondston.)

Jefferson City, Mo., Oct. 12.—A statistical analysis of the Republican returns of the August primary indicates that it took the votes of the lowest and most vicious element of that party in St. Louis, Kansas City and St. Joseph to bring about the nomination of Judge Henry Lamm over the more conservative and "drier" candidate, John A. Swanger, a Sedalia newspaper publisher. The total vote cast for Lamm the state over was 89,134 and for Swanger 74,636, the latter only being defeated by 14,498. In St. Louis city alone Lamm received 33,557 votes to the 10,469 for Swanger, giving him a lead there of 23,008, or 8,590 more than he carried the state by. In other words, Swanger came to St. Louis, including St. Louis county, 8,590 votes ahead and it took 14,498 lid club and brewery votes in St. Louis to even scores. This is with very conservatively allowing as many as 18,759 of the 33,557 St. Louis votes cast for Lamm to represent the higher grade, but misled and misguided Republicans who voted at the primary for the nominee. Probably 20,000 St. Louis Republicans did not vote at all, and, it is stated by those who are posted on the St. Louis situation that half of these and half of those who voted for Swanger will vote at the general election for the Democratic nominee for governor and thereby give that city to Frederick D. Gardner by 15,000.

Carried Every "Wet Spot."

Lamm carried every "wet spot" in the state, but very few "dry" counties cast their votes for him. In St. Louis city and county, Kansas City, exclusive of Jackson county, and in Buchanan county, including St. Joseph, he received a total of 49,474 votes to a total of 15,368 cast for John E. Swanger, who ran as the avowed candidate of the "dry" element and of the Anti-Saloon League. It is because the word was passed down the line that Lamm was "dripping wet" and Swanger exceedingly "dry" that Lamm swept these "oasises," leaving in the brewery strongholds nothing but the most radical prohibitionists for Swanger.

With St. Louis city and county,

TO HELP RUMANIA

ITALIANS AND RUSS JOIN HANDS TO AID BALKAN STATE.

RESUME LEMBERG PUSH

Russians Begin Violent Effort to Capture City—Italians Also Working Toward Trieste.

Special to The Democrat-Forum.

London, Oct. 16.—A dispatch from Bucharest says that Secretary Andrews of the United States Embassy confirms the report that a German aviator dropped poisoned bombs and epidemic spreading substances on Rumanian soil. The Russian-Italians have joined in the effort to weaken the Teuton pressure against the Rumanians. Following the renewal of the offensive the Italians and Russians are making a violent attack in Galicia and Volhynia.

Fierce Fighting in East.

Petrograd, Oct. 16.—Dispatches today dwelt on the fierceness of the fighting in the Carpathians and on the Stokhod river front in Volhynia. The resumption of drives toward Lemberg by the Russians and Trieste by the Italians are already showing results.

Greek Note Sent.

London, Oct. 16.—An Athens dispatch to the Chronicle says the Greek government expected to present a note to the Entente today relative to the future foreign policy. It is understood in diplomatic circles that the note will be friendly, but aims to prevent further discussion of main points at issue.

Violent Fighting on Somme.

Paris, Oct. 16.—Another burst of violent fighting developed on the Somme front. North of the river the French extended their drive and penetrated Sailly Saillisel, the war office announces.

Germans Counter Attack.

London, Oct. 16.—The Germans on the Somme front made powerful effort to win back some lost ground last night but failed. The war office statement said the Germans attacked the vicinity of Szhwaben but were repulsed with heavy losses. The British and French are again attacking in a united effort to throw a ring about Bapaume.

British Penetrate Burauk.

The British penetrated the village of Burauk, eighteen miles southwest of Demirhisar, the war office announced this afternoon. In statement of the Macedonian operations the Bulgars were forced to retire.

Bulgars Repulsed.

Sofia, Oct. 16.—Repulse by the Bulgars of all attacks on the whole of the Macedonian front announced by the war office this afternoon. Violent assault by the Serbs beaten back with heavy losses. Stubborn fighting on Czerna and the Bulgars warding off advances by hand grenades.

MOB STORMS JAIL.

Lynches Two Negroes Who Attacked White Women.

Special to The Democrat-Forum.

Paducah, Ky., Oct. 16.—Mob stormed the jail this afternoon and lynched two negroes and the two bodies were cut down and cremated. One of the negroes was identified as the attacker of a white woman, while the other was hanged because he boldly declared he would have committed the same crime.

Committee in Charge of Lyceum Course Urges Purchase Early to Avoid Collection Later.

The committee in charge of the sale of tickets for the Lyceum course reports quite a little delay in disposing of them. Not that the people of Maryville don't intend to support their lyceum course, but they are just a little bit slow in deciding to invest their money. One of the committee members in speaking of the matter, said:

"A number of persons, when asked to buy a season ticket for the course, reply that they do not want to hear all of the numbers, but that they intend to hear at least two. They do not realize that any two single tickets will cost them as much as a season ticket, and that if they purchase a season ticket they can give others an opportunity of hearing the numbers they do not wish to hear.

"A canvass of the business houses will be made tomorrow for the purpose of rounding up those who wish tickets, but who have not purchased any yet. We hope in this way to get the necessary funds to pay out the lyceum course without having to do the thing that is hated by all—collect the money afterwards."

REFUSES TO FILE NAME

Secretary Roach Does Not Recognize Any Vacancy in Office of State Superintendent.

Special to The Democrat-Forum.

Jefferson City, Oct. 16.—Secretary of State Roach announced Saturday that he will not recognize any vacancy in the office of state superintendent of public schools and will refuse to file all party nominations for this office.

He so notified I. N. Evrard of Marshall, recently named by the Republican state committee, and the only nomination so far made. He also advised all party committees tonight of his ruling in the matter.

It was supposed that the action of the supreme court in the Hagerman mandamus case a few days ago carried with it the question of electing a superintendent of schools, but Roach takes the position that under the constitution and laws U. W. Lamkin appointed by the governor will fill out the full unexpired term of the late Howard A. Gass.

Roach invites a mandamus proceeding to test the position he has taken. The time for this is short, as the last day for certifying out the ballot is Wednesday next, but there will be a few days more for the purpose of filling vacancies on the ballot.

A letter forwarded to Evrard tonight by Secretary Roach fully explains his reasons for holding that there is no vacancy in this office to fill at the November election.

LAWRENCE HAWES DIES OF INJURIES

STANBERRY YOUNG MAN RUN OVER BY FREIGHT TRAIN.

WAS STEALING RIDE WEST OF BEDISON

Jumps From Moving Train and Falls Under Car—Both Legs Nearly Severed From His Body.

Lawrence Hawes, 21 years old, son of Mr. and Mrs. A. D. Hawes of Stanberry, was injured in a railroad accident at Bedison about 8 o'clock yesterday evening, and died at 2 o'clock this morning as a result of his injuries.

Mr. Hawes, with his brother, Jack Hawes, and three or four other Stanberry boys decided to "bum" a ride up to Bedison and back just for an evening "lark." They "hopped" the fast Wabash freight train, No. 95, at Stanberry and came west to Bedison.

The train slowed up at Bedison and the boys started to get off. Suddenly Jack Hawes heard a cry of pain from his brother, and looking down he saw him beneath the wheels of the coal car. The boys lifted him from under the train and it was found that his legs were terribly mangled.

The east bound passenger, on which the boys intended to ride back, was held in Maryville, and the freight train was given right of way in order that Hawes might receive medical aid at once. When this train arrived in Maryville, he was taken to St. Francis hospital, where Drs. Wallis and Ryan amputated both legs.

Before the operation the young man was conscious, and made known his wish to join the Catholic church. The Rev. Father Niemann was summoned and he was baptized and given the last rights of the church.

The operation was completed about 12 o'clock, and he lived for two hours, remaining unconscious until his death. His brother, Jack Hawes, was with him when he died.

The body was shipped to Stanberry this morning, and the funeral will be held there probably tomorrow. Mr. Hawes is survived by his parents and by four sisters and two brothers. They are: Lucy, Grace and Hazel, living at home, and a married sister living in Nebraska; Jack Hawes, who was with his brother on the trip, and H. H. Hawes, who is a switchman on the Union Pacific at Omaha.

THE CROP REPORT

(Continued from Page 1.)

the present high price of seed and the difficulty of getting the ground in condition are influences in the present decreased acreage. By sections, October 1 seeding shows: Northeast, 46; northwest, 53; central, 45; southwest, 50; southeast, 22. Hessian fly, especially in some of the river counties, is active in early-sown wheat. Present acreage estimates for the 1917 crop, as compared with the previous year, are as follows: Northeast, 91 per cent; northwest, 104; central, 81; southwest, 82; southeast, 79. With sufficient rainfall at once and this followed by fair weather, these figures may be raised.

Other crops—The harvest of timothy seed of good quality will average about 3.4 bushels per acre. The clover seed crop, much of which is yet to be hulled, has been cut somewhat short and may not average better than 1.5 bushels. Potatoes are about 60 per cent, tobacco, 81. Condition of cotton is 67, but the shortage in yield will be made up in returns by the increased price. Rye acreage is 86 per cent. Condition of cowpeas is 71; alfalfa, 79. Alfalfa not killed out last winter has made satisfactory yields. Apple crop is 37 per cent. Apples are small and of inferior quality, but generally well colored.

Live stock—Pastures are poor and much live stock is now being fed new corn. There is a scarcity of stock on most farms. But little hog cholera is reported.

Washington, Oct. 16.—The official navy department from San Domingo City states that the American naval station on the island of Sulebra was almost entirely destroyed by a hurricane which recently visited there. No loss of life was reported.

Rear Admiral Caperton reports that the submarine H-1, that went aground at Puget Sound, was badly damaged.

The navy department has ordered an investigation of the mysterious explosion east of Machias, Me. The theory is that some violation of American neutrality may be involved. The explosion completely demolished the building in the middle of the river. Efforts are being made to connect the explosion with the supposed German submarine base in this section.

The Iron Claw Tonight—

The Fern Theatre

You will see one of the biggest, best, exciting, interesting plays you have had the opportunity to witness within recent date.

Tonight in a setting off the coast of Carolina you see the magic of men and the powers of nature woven into a story of sensations.

Tonight See It!
THE LAUGHING MASK?

One of the features that will commandyour attention and entertain you. Mysterious yes, but that makes it all the more interesting.

Tonight at The Fern Theatre you see this celebrated picture featuring Pearl White, Creigton Hale and Sheldon Lewis all stars of the motion picture world, and produced by the great Feature Film Company.—7:30 o'Clock.

ANALYZE AUG. VOTE

(Continued from Page 1.)

which includes the 10th, 11th and 12th Congressional districts, the Kansas City portion of the Fifth Congressional district and the Buchanan part of the Fourth Congressional district, omitted, Lamm, in the balance of the state, which includes such wide open towns as Sedalia, Cape Girardeau, St. Charles, Washington, Joplin, Springfield, Lexington, Hermann, Jefferson City, Moberly, Hannibal, Excelsior Springs, Caruthersville, most of which cities went for Lamm heavily, Lamm received only 39,660 votes. Swanger, in the "driest" portion of the state, the rural section, and excluding the vote of the three big cities, St. Louis, Kansas City and St. Joseph, and St. Louis and Buchanan counties, received 59,268 votes, beating Lamm there by over 20,000.

Votes From Lawless.

This assertion makes it very plain that it took the vote o fonly St. Louis, not including that of Kansas City and St. Joseph, for Lamm to defeat Swanger, and it is very conservative that the statement is made that at least 40,000 of the votes cast for Lamm over the state came from the most vicious and lawless element of the Republican party, including "lid clubs" and "blind tiger" owners and the frequenters of these resorts in St. Louis, Kansas City and St. Joseph and other places.

Of the sixteen Missouri Congressional districts Lamm only carried four, to-wit—the Fifth, Tenth, Eleventh and Twelfth; Morris, one, the Fourth, and Swanger, eleven, including the Fifteenth, in which McIndoe lives.

Lamm carried Pettis county, including Sedalia, his home, but the balance of the Seventh Congressional district had a better opinion of Swanger, overcoming the Pettis county lead of Lamm and then going for Swanger by 550. Greene county, which is in this district, gave Swanger 3,125 votes and Lamm only 718.

Brewers Contribute.

The "lid club" element and certain brewers of St. Louis and Kansas City have contributed heavily toward the Republican state campaign fund, and this money is being spent b ythis organization to bring about the election of Lamm, a condition which suggests that the law-defying lid club portion of the Republican party will demand substantial recognition if the Republican state ticket wins out, and if the demanded concessions are given the big cities will be run wide open, day and night, with a deputy governor in charge of affairs in St. Louis, Kansas City and St. Joseph.

An analysis of the vote cast at the primary for the Democrat nominee, Frederick D. Gardner, revealed that, not considering St. Louis, Kansas City, St. Joseph, Springfield, Joplin, Hannibal, Moberly, Sedalia and other cities, he was easily nominated by the rural vote. Omitting the rural vote, Colonel Gardner received enough votes in the larger cities to give him the nomination. In other words, he is the chosen candidate not alone of the Democratic voters of the cities, but also of the Democratic farmers and the voters living in the towns and cities of Missouri.

By Colonel Gardner carrying St. Louis by 15,000 in November, it means he will sweep Missouri by 50,000 and carry the balance of the ticket with him to victory. In the Democratic primary contest, Gardner carried twelve Congressional districts, and Roach, Lindsay, Barker and Atkinson one each. Gardner ran second in three of those he lost and third in the fourth.

Booher at Barnard.

Hon. Charles F. Booher, Democratic candidate for congress, will address the Woodrow Wilson club at Barnard next Tuesday evening, October 17. It will likely be the only opportunity he will have of visiting Barnard during the present campaign, and a large attendance is desired. Everybody is invited. Quite a number are expecting to attend from Maryville.

Miss Jeanette Tate will leave Wednesday for Creston, Ia., where she has a position as retoucher in a photograph gallery.

Miss Cora Gehr spent Saturday in Elmo visiting at the home of Mr. and Mrs. Theron King.

Spickermans Here.

Mr. R. L. Spickerman and children of Oregon, Mo., are in Maryville, the guests of Mrs. Spickerman's mother, Mrs. Martha Denny. The Rev. and Mrs. Spickerman are former residents of Maryville. Mr. Spickerman is pastor of the Baptist church at Oregon, and is at present attending the University of Chicago, taking a special course of study.

Mr. Van Cleve Leaves.

W. C. Van Cleve of The Democrat-Forum, who has been assisting the Democratic state central committee in organization work, left yesterday to resume his work in the central part of the state.

Litts to St. Joseph.

Mr. and Mrs. Ben F. Litts, who have been residents of Los Angeles, Cal., have moved to St. Joseph to make their home.

Arbitration

is the twentieth century means of settling disputes.

In time, Arbitration should supplant war in deciding differences between great nations. Acceptance of the principle of Arbitration will render great industrial strikes impossible—and even minor differences will come to be settled by this means. Impartial judges can be counted upon to render fair decisions.

To impartial judges of roofing, we will always be willing to leave decision as to the comparative merits of roofings, confident that intelligent investigation will result in a decision for

Certain-teed

Roofing

An investigation into methods of manufacturing would show that only the best quality of roofing felts is used in CERTAIN-TEED roofing. This is thoroughly saturated with a blend of soft asphalts—the formula of the General's Board of Expert Chemists. It is then coated with a blend of harder asphalts, which forms an impervious coating and prevents the inner saturation from drying out.

This explains why CERTAIN-TEED outlives ordinary roofing, and why it is possible to guarantee it for 5, 10 or 15 years, according to ply (1, 2 or 3). The responsibility of the world's largest manufacturer of roofings and building papers is behind this guarantee; which is conservative, as experience proves that CERTAIN-TEED outlives the period of guarantee.

The General makes one third of America's supply of asphalt roll roofing. His facilities are unequaled, and he is able to produce the highest quality roofing at the lowest manufacturing cost.

CERTAIN-TEED is made in rolls; also in a slate-surfaced shingles. There is a type of CERTAIN-TEED for every kind of building, with flat or pitched roofs, from the largest sky-scraper to the smallest residence or out building.

CERTAIN-TEED is sold by responsible dealers all over the world, at reasonable prices. Investigate it before you decide on any type of roof.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

WHAT THE EDITOR'S

Nodaway

SCISSORS FOUND

PARNELL SENTINEL.

Leonard Collins was quite badly injured in one of his arms and side Tuesday. While working on some machinery in front of Collins Bros.' blacksmith shop two or three motorcycles went by at a rapid rate of speed which caused the horses to get scared at the machinery he was working with, causing the injury. He is able to be about but is not able to do any work.

County court adjourned Saturday and will convene again on Tuesday, the 25th, at which time they appoint the judges of election, of whom there will be 138. Matt Farman, one of the judges, who was here Tuesday, said last week was one of the busiest he has seen since being one of the members.

GUILFORD TIMES.

John A. Cook moved up from Rea the latter part of last week and Noah McCauley returned to Rea the first of the week.

Friday morning Dr. Wells invited L. H. McClintock, Gorman Powers and the editor for a car ride to Ravenwood and return. The day was ideal for this kind of a trip and the roads in fair condition. Crops looked pretty good along the way and some very pretty country was seen. This town is the doctor's old stamping ground and the business men at that place speak in very high terms of him.

Mrs. W. S. Vail and Mrs. R. M. Adams of Effingham, Ill., sisters to Mrs. O. E. Lockhart, came in last Thursday evening and will remain for a short visit.

ELMO REGISTER.

Mrs. McClaren was taken to a hospital at Clarinda this week for treatment. She has been ailing a long time, although around part of the time. The outcome is uncertain.

Mr. and Mrs. P. T. Adams left Wednesday morning for Rochester, Minn., where Mrs. Adams will take treatment at the Mayo hospital.

F. C. Curnutt, 7 3-4 miles northeast of Skidmore, 3-4 mile east of the Gill school house, sold his farm of forty acres to N. B. Shrewsberry for $6500, being $163.50 an acre.

There is a greater demand here for workmen, especially carpenters and builders, than there has been for a long time. Many will be unable to get repairs done on their buildings because of a lack of suitable help.

SKIDMORE NEWS.

The old crossing, which was a pile of big stones across the street north of the church, will be torn out and the rock will be broken up and used in other walks. Mrs. R. A. Skidmore has put in a cement walk along her premises to connect the new crossing and the walk already down.

Robert Patton, living four miles northeast of Skidmore, sold his farm of forty acres to James and Lloyd Linville for $135 an acre. Land values are advancing right along in this vicinity, as Mr. Patton paid $112.50 an acre about a year ago.

Geo. Ashbrook, who has been quite sick for a couple of weeks, is slightly improved and will probably be up and around in a few days.

The city is putting a cement crossing from the northeast corner of the Christian church lot north across High street.

CONCEPTION COURIER.

The work of decorating the interior of Holy Family Church is progressing nicely, and when completed will be a beautiful work of art. Mr. Sprug, the artist who is engaged in the work, is not sparing time or labor, and is certainly deserving of the many complimentary remarks upon the artistic manner in which he is performing his task.

Born, to Mr. and Mrs. Dick Tobin, of near Burlington Junction, Thursday, October 5, 1916, a boy. Mrs. Tobin was formerly Miss Anna Wobbe.

Mrs. F. P. Riley of Clyde underwent an operation at St. Joseph's hospital last Tuesday and is reported to be getting along nicely.

BURLINGTON JUNCTION POST.

Mrs. Harry Wilson, who has been confined in the hospital in Maryville four weeks following a surgical operation, is improving and was able to sit up for the first time Tuesday. Under the most favorable conditions, however, it will be two weeks or longer before she can return home.

The annual "Home Coming" of the Christian church was held last Sunday. The weather could not have been more ideal, and the excellent condition of the roads made it possible for people to attend from all parts of the country, some coming from Tarkio, Maryville and other surrounding towns.

Frank C. Spargur, who has been at Laredo, Texas, since the troops were mobilized, had to go on border duty with the regiment the first of the week, according to a letter sent to his father. He probably will remain on border duty for six weeks or longer. Frank has been acting sergeant at headquarters, and is free from all details and guard duty while in that capacity. Frank was given special leave Saturday and spent Sunday in Corpus Christi, taking a squint at the fine beach improvements and other things that make this famous little city such a delightful resort for both winter and summer tourists. Frank has a kodak with him on the border and there is quite a demand for his pictures among the soldiers.

BARNARD BULLETIN.

Wm. Stundon and wife went to Kansas City Tuesday to be with his sister, Miss Josie Stundon, who went down a few days before and who underwent an operation on that day. Mrs. Stundon visited her aunt, Mrs. Joyce, while there.

Rev. A. J. Moorman, pastor of the M. E. church, who preached his first sermon here Sunday, pleased his hearers very much. The community is glad to welcome him into their midst and hopes that he likes it as well as he is liked.

Combination Sale

Shorthorn Cattle and Poland-China Hogs

The undersigned will sell at Public Auction at the farm of V. O. Hunt, 2 miles northwest of Ravenwood, on

Tuesday, Oct. 24th

Beginning promptly at 12 o'clock noon

38 Registered Shorthorn Cattle

13 Bulls—25 Cows

These animals are a good and useful lot—not a cull in the offering, but some of them good enough, if properly fitted, to go into any show ring. While they will not be in high flesh, they will be in good growing and breeding condition, which means much to the farmer breeder, as they will keep growing better all the time.

The yearlings and the two-year-olds are a choice lot and mostly sired by Golden Barmpton, a ton-bull in fair flesh, and bred to Victor Cumberland, a choice white bull.

V. O. HUNT WILL OFFER

24 Pure Bred Poland-China Hogs

16 Boars—8 Gilts

These are all spring farrow and in the lot you will find some of the most promising individuals you are likely to see in a long time. They are sired by Pawnee Prince and Black Jumbo. Pawnee Prince is one of the largest boars in the country.

SALE WILL BE UNDER TENT AND WILL BE HELD RAIN OR SHINE. LUNCH WILL BE SERVED ON THE GROUND.

Terms—Cash A credit of 3, 6 or 9 months will be extended on bankable note bearing 8 per cent interest from date. Animals to be shipped will be loaded on cars free of charge, but will be at owner's risk as soon as bid off.

V. O. Hunt, Ira Kelley, Moore Brothers

Auctioneers—Col. W. D. Gibson; Klaas & Son. Clerk—Faye Casteel.

Charles Moore and wife are the proud parents of a new girl, born on Monday, October 9. As a result, Mr. Moore has much more than his usual smile these days.

More road work is being planned. A mile east of town was graded Tuesday and Wednesday, which makes a network of good roads east of us. Frank Dougan tells us that he has secured the help of seventeen men to help with the mile or more north of town near his place. They will begin work Thursday with six teams. With all this work going on every farmer and townsman will be able to throw the automobile away and walk, for the way will be as smooth as glass.

MARY PICKFORD COMING

Appears at Empire in "Poor Little Peppina"—First Lengthy Picture in Which She Has Appeared.

Tonight at the Empire theater the first lengthy picture in which Mary Pickford has appeared, is to be shown. The photo play in which the famous star appears is "Poor Little Peppina," and runs seven reels. The longest one in which she has appeared before is five.

As "Poor Little Peppina" the great scope of the actress' art is illustrated in her delineation of the various roles of a child of wealthy Americans kidnapped by Italians. With a great diversity of atmosphere and interest and with many dramtic and amusing episodes you see Mary Pickford tonight.
